Transform your spaces – enhance your business

Rea Sound, a leading provider of professional audio-visual solutions for the corporate world. With a strong track record of successfully executing numerous projects in the corporate field, we are your trusted partner for all your AV needs.

From digital advertising displays that capture attention to cutting-edge video conferencing systems that connect teams worldwide, we specialize in transforming boardrooms and meeting rooms into high-tech spaces. Our expertise extends to LED video walls that create impactful visual experiences. At Rea Sound, we are committed to delivering tailored solutions, seamless installations, and exceptional service to enhance your corporate environment. Experience the power of next-level AV technology with Rea Sound.

Our Services

- Conference & Meeting Rooms
- Receptions
- Audio Solutions
- Digital Advertising & Displays

Recent Projects

Mid Ulster Council

Our client requested a complete AV upgrade to the chamber within its Cookstown Council Offices. This was to include for not only in room Council meetings, but also Hybrid meetings with the ability for voting and queuing during meetings, which can be live streamed. Rea Sound delivered a highly versatile solution to enable all that was required. The result was extremely well received by all.

Armagh Planetarium

We have had the pleasure of working with Armagh Planetarium for several years across many different projects. Over this time we have updated the audio visual solution throughout this incredibly popular venue. From exhibition areas, to reception and from Café to Digital Visualisation Lab we have been able to seamlessly integrate all of the AV equipment to a simple iPad Interface to allow complete control and flexibility throughout.

Titanic Suites

Within this impressive Victorian building in the heart of Belfast houses flexible office space, with meeting rooms, marketing suite and reception areas. We have provided AV solutions across all areas to include for digital advertising in the reception and public spaces, conference and meeting facility upgrades in meeting rooms and live streaming and recording facilities within the marketing suites. Technically advanced with simplicity for control and set up.

From a simple supply of one product to a full scale installation please feel to contact us.

Our team is available to you by phone, email or our social media accounts to provide you with answers to your questions on the range of products we provide.

We also have a dedicated installation team, who, should you require are available to provide a complete installation of any audio, lighting or visual product we supply.
